Carl Zeiss presents the Distagon T* 2/35 wide-angle lens with EF bayonet mount

A New Lens Takes Center Stage

A squirrel nimbly scampers along a moss-covered tree trunk. It has made a promising discovery amongst the fallen leaves of an oak tree. A deer emerges from the half darkness of the woods. A photographer documents the winter preparations of various woodland creatures. This requires a versatile, high-speed, easy to configure lens that produces razor-sharp images of the details and the entire scenery.

卡尔·蔡司隆重宣布推出EF型插刀式接环的Distagon T* 2/35广角镜头

新的镜头成为焦点所在

一只灵活的松鼠在铺满青苔的树枝间跳来跳去，它细心地观察到橡树的落叶。一只鹿从幽暗的树林中走出来。摄影师记录著树林内各式各样生物筹备过冬的情况。摄影师需要一支用途广泛、光圈大、易于操作、能够拍摄到非常锐利的影像、而且能够包罗万有令细节一一显现的镜头。
